

## **CAN YOU HELP?**

Tomarata is a small, rural, fairly isolated country school. We have 74 superb students at the moment, with more coming. As we don't have a dedicated bus service from Managawhai, we would dearly love a minivan to help transport students to & from school; our Nature classroom; & for class trips. We have no money in our budget for extravagant items, & are looking for a wonderful person or company that would sponsor a van for us. If that's you, please come to meet us & have a chat. Phone 09 4237022 to organise a visit with Mrs Neels our Principal.
